The Interagency Yellow Pages is a directory of programs and services for residents of Warren, Washington and Saratoga Counties. This is by no means a complete listing of all organizations within these counties. The listing of an organization in this directory does not necessarily imply an endorsement of its purpose or quality, nor does omission signify disapproval.

If you are listed in the current Yellow Pages, please review your information and provide LifeWorks (in Microsoft Word) any updates you would like made. Updates are generally made annually after the Interagency Awareness Day networking event which is generally held in the spring.

If you are not currently listed in the Yellow Pages, but would like to be included in the next update, please submit your request in writing using this form as a guide. You are **not** required to have an exhibit at Interagency Awareness Day to be in the Directory.

ALL UPDATES SHOULD BE EMAILED IN WORD FORMAT TO: l.sierzenga@lifeworksaction.org

Please check one:

- I am listed in the 2023 Yellow Pages and this is **updated** information for the next Yellow Pages update.
- I am **not listed** in the 2023 Yellow Pages and this is **new** information for the next Yellow Pages update.

Services: The mission of Berkshire Farm Center & Services for Youth is "to strengthen children and families so they can live safely, independently, and productively within their home communities." By forming strong community partnerships and collaborating with other service agencies and educational organizations, we empower children and families while building healthier and stronger communities.

Objectives: We are a statewide community based non-profit child welfare organization. Many of Berkshire's programs and services are community-, home-, and school-based and include foster care, group homes, family preservation and reunification, truancy and crisis prevention, and counseling (individual, group, family). Each day, Berkshire serves more than 3,000 children throughout New York State. Your support can help us to change a child's life and create a better future for them, their family, and their community. In addition to community-based programs, Berkshire's Residential Treatment Center (RTC), located on our 2,000 acre campus amid the beautiful Berkshire Mountains, provide specialized services to adolescent boys and their families, including an accredited curriculum in an on-site junior/senior high school. Berkshire creates a caring, structured, and stable environment that provides adolescent boys and their families with an opportunity to learn how to lead healthy, productive lives together.

Services: *MENTORING PROGRAM, Adult/Child Mentoring Programs * At Risk Youth*

Objectives: This program is a community-based prevention/diversion program that recruits, screens, trains and supports community members who are matched with identified at-risk youth for at least one year. Through these matches, volunteers and participating youth make a significant commitment of time and energy to develop relationships devoted to personal, academic or career development, and social, athletic or artist's growth. Comprehensive services are provided to the families as well.

Eligibility: Children ages 6 to 14, and their families.

Intake Procedure: Call for information. Referrals come from schools, families, public agencies, word of mouth, etc. Once referred, the child and the parents/caretakers are interviewed. A home visit is made; interests and concerns are explored. Mentors are thoroughly screened. They must undergo a face-to-face interview, fill out an application and provide references. They must agree to undergo a criminal background check, the child abuse registry screening, and participate in sexual abuse training on the signs of abuse and the characteristic of abusers, etc. Staff also makes a home visit to the potential mentor's home or apartment. When all is checked out, the child is matched with the most suitable mentor.

Fees/Payment: None/Not applicable,

Hours: Monday – Friday, 9 am-5 pm. Activities some evenings and weekends.

Services Provided: We work to connect victims of crime with civil legal (non-criminal) information, resources, and assistance through the use of our online resource, *NY Crime Victims Legal Help*.

Objectives: People often have legal needs as a result of being a victim of crime. For many crime victims, the problems they face after a crime can be challenging, especially when they have several legal needs and are unsure where they can go for help. In addition to working with law enforcement and the criminal justice system, a victim may also have non-criminal -- civil legal needs -- that impact the basic necessities in their life, like housing, employment, and safety. We developed this online resource, [NY Crime Victims Legal Help](https://crimevictimshelpny.org/), to make it easier for victims of crime to get information and services to help with these civil legal needs.

Fidelis Care is the New York State Catholic Health Plan, providing quality, affordable, New York State- sponsored health insurance coverage for people of all ages and at all stages of life.

From its origin in 1993 as the Catholic Health Services Plan of Brooklyn and Queens, Inc., Fidelis Care has grown -- both in the scope of its mission and the services it provides. Today, through a Statewide network of more than 70,000 providers, we support more than 1.5 million children and adults, making Fidelis Care one of the largest government programs-based health insurance plans in New York State.

Fidelis Care offers free or low-cost comprehensive health insurance, including Medicaid Managed Care, Medicare Advantage, Child Health Plus, and products available through NY State of Health: The Official Health Plan Marketplace. Additionally, Fidelis Care offers Managed Long Term Care products for adults who qualify for nursing home care, but are capable of staying safely in their own homes with the right care and support.

Services Provided: For families who are going through a traumatic transition because of childhood sexual abuse who are navigating a new and scary process alone we provide the following services –

- To develop and execute a media campaign to raise awareness of the child sexual abuse pandemic, the effects it has on victims and their families, and the support, education and healing needed to move from survivor to thriving;
- Attend court with clients as a support;
- Provide phone support as needed regarding legal, CPS, court plans, organizing thoughts, sharing concerns regarding conversations with attorneys and other agencies;
- Be a liaison for the client with other agencies as client needs;
- Advocate for and with the client as needed;
- To establish a support group infrastructure for direct and indirect victims of sexual abuse. The focus of these support groups will be to educate and motivate participants to help them move from victim through survivor to thriving adults;
- To provide prevention policy and procedure consulting to youth serving organizations in the communities we serve;
- To deliver the T.A.A.L.K./Diane Cranley prevention program, as well as other forms of education, to members of the communities we serve;
- To provide children's book about sexual abuse prevention to libraries, schools, and other youth serving organizations in the communities we serve.

Objectives: Families that have to go through a traumatic transition because of abuse – when a family is going through court, family and criminal, working with CPS and other agencies, as well as moving, attending counseling, work changes, raising children, helping them heal, and then all the rest life requires – they shouldn't have to do it alone, to have to navigate it all by themselves. We walk the path with them.

Target Population: Any direct or indirect victim of childhood sexual abuse in need, regardless of criminal charges or whether or not the CPS report is founded and provides advocates through family court not just criminal.

Intake Procedures: Contact us through email, by phone or schedule an appointment online (website).

The aim is to provide guests a step toward independence. Those served will include individuals and families with substance or alcohol use disabilities, mental illness, or otherwise needing safe, clean and affordable accommodation, as well as workers from the backstretch at Saratoga Race Course. Bethesda's commitment to this mission is based on biblical directives to help house, feed and support the poor and needy.

To put this mission into action, Bethesda established Mercy House of Saratoga, Inc. to manage nearly 20,000 square feet of space in the new parish house. Completion of the new building is expected in 2020.

Supportive housing will help improve the lives of vulnerable individuals in our community who need a place to live during a difficult period in their lives. Mercy House will provide a permanent, sustainable community resource. In the long run, the accommodations offered at Mercy House, together with the support provided by our Community Partners, will help individuals and families restore their own emotional and economic independence.

Mercy House accommodations are offered for people and families already in our community who need immediate, safe shelter and housing. A recent study counted 77 street homeless people in the Saratoga Springs environs alone. Mercy House seeks to fill an essential need for more than 40 among this population: secure transitional housing in a location that enables them to easily find and access essential services.

VOCATIONAL SERVICES, *Prevocational Training* * Mental Illness/Emotional, Disabilities Objectives:

The Vocational Services Program is a community mental health program serving persons over 18, with severe and persistent mental illness, who are seeking to enter the workforce. The goal of vocational services is to assist individuals in obtaining and maintaining employment in their chosen field via individual counseling and a job club model. Staff help prepare individuals to search for employment, assists them with the hiring process and provides ongoing support once employed. The program assists individuals with connecting with community resources for benefits advisement, intensive job coaching, or obtaining work attire. In addition, staff coordinates employment concerns with clinical providers as well as employers to provide a continuity of care and to ensure the success of the individual.

Eligibility:

Individuals are eligible who have a DSM IV diagnosis, are a resident of Rensselaer County, have medical and psychiatric stability sufficient to participate in a vocational program, are currently receiving mental health services, and who are Community Support Services eligible.

and empowering parents, arranging services to supplement educational activities and ensuring a smooth transition to adult services are all key to maximizing the future independence of each child. Working with the family, a CBVH Children's Consultant will help develop a plan to meet the child's needs. The plan may include services provided in the home, the community and/or private rehabilitation agencies. The consultant may provide counseling and guidance to the family, advocacy services, educational consultation and vocational coordination. CBVH also provides children with the opportunity to attend summer camps and year-round recreation programs that they might not otherwise be able to attend without the support of the Commission for the Blind and Visually Handicapped. The goal of the recreation programs is to provide children with opportunities that encourage independence and increase self-confidence.

Services: INDEPENDENT LIVING SERVICES PROGRAM
Objectives: Individuals who are not eligible for vocational rehabilitation services and who are not receiving services through another CBVH Program may qualify to participate in the Independent Living Services Program. The program is designed to help individuals with low vision carry out day-to-day activities. This program provides services through not-for-profit private organizations and from ophthalmologists and optometrists who are certified as low vision specialists. These services are provided based on individual need and may include: orientation and mobility services, rehabilitation teaching, low vision services and devices, social casework and adaptive equipment.

Intake Procedure: Contact the district office nearest to you.

Services: ADAPTIVE LIVING PROGRAM
Objectives: The Adaptive Living Program (ALP) is for people who need training and services to assist them in living at home and in the community. In most cases, the consumer has to be over the age of 55, unless they have circumstances where they do not want to pursue employment. The ALP program provides Adjustment Counseling, Rehab Teaching, and Orientation & Mobility. CBVH contracts with a number of private agencies for the blind who go to consumer's homes to provide services. The primary benefit of this program is to allow senior citizens who are experiencing vision loss to function more independently in daily activities.

PRE-SCHOOL, Community Based Preschools

Objectives:

The character values of caring, honesty, respect, and responsibility are at the heart of everything we do. At our Preschool, children are inspired to develop an excitement and joy for learning. Caring, qualified teachers offer a theme based, developmental curriculum that enhances a child's total development and nurtures their individual potential. In the classroom, children engage in activities that develop their fine and gross motor skills as well as strengthen their self-esteem, communication, reading, science, math and literacy skills. Our Preschool has an "open door" policy. We welcome parents and guardians to be a part of their child's school experience and participate in our program. ADDITIONAL ACTIVITIES Students in Saratoga Springs' 3 and 4 year olds classes swim weekly while the Wilton students enjoy a weekly tumbling class. Spanish lessons are also provided for these 3 and 4 year old students. Students at our Wesley Intergenerational Learning Center held at the Wesley Community have a unique balance between a great preschool atmosphere and meaningful time with older adults. Thirty minutes of each class day, the students and older adults are brought together to interact, engage, support, educate and care for one another. The bonds that are created help our students grow and become kind, well-balanced youth as they develop an excitement and joy for learning.

UNIVERSAL PRE-KINDERGARTEN

This program is a tuition-free, Monday through Friday, half-day, Pre-K program, subsidized through the Saratoga Springs School District.

Fees: Contact Preschool Director for information. Payable in 10 installments. Financial assistance is available for those with demonstrated need.
